MAKE A DIFFERENCE – BUILDING COMMUNITY

WHO ARE WE

The Philantrepreneur Foundation is a 501c3 organization with a mission to provide education, awareness and resources. Founded in 2014 we have served the community with virtual and live training, support and resources. We recognized a need to adjust with the times and excited to present **SYSTEMS SUMMITS** to enhance our services.

OUR WHY

Most nonprofit organizations are micro-businesses which represent 86% of US entities and are the backbone of the economy. Unlike large corporations, MB's are a few people, often ONE, wearing many hats. They face unique challenges and need specific systems which unfortunately often fall through the cracks. **SYSTEMS SUMMITS** is the solution as it extends the work of The Philantrepreneur Foundation to serve and help for-profit and nonprofit organizations overcome their challenges with systems, operations and management. **YOU** can help too!

OUR GOALS ALIGN WITH YOUR GOALS

As a service provider your goal is to solve problems and overcome challenges. We help them learn and understand the WHY, WHAT and HOW.

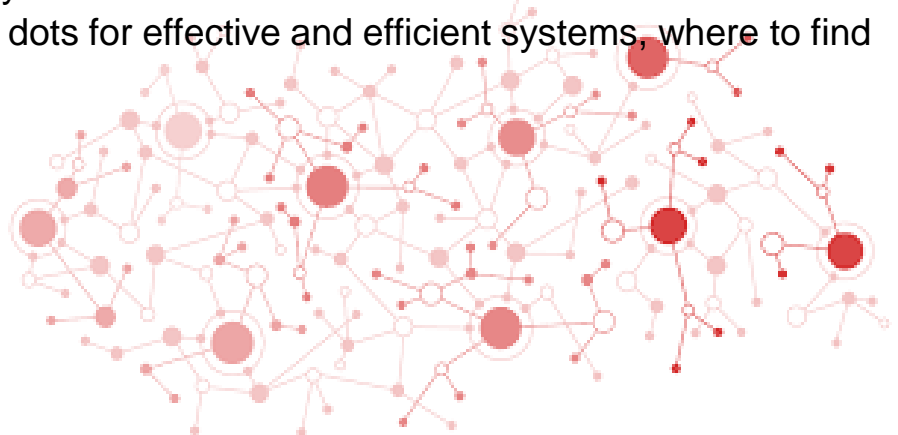

- WHY systems and processes are essential,
- WHAT systems are available to meet their needs,
- HOW to implement systems that provide the best ROI and overall effectiveness.

OUR EVENTS CONNECT THE DOTS

There are 5 core systems every business needs to address but often overlook.

Systems Summits connect the dots for effective and efficient systems, where to find them, and how to use them. .

- Project Management
- Human Resources
- Accounting and Finance
- Marketing and Sales
- Business Development

Additional Benefits

Systems Summits pilot launched October 2020 with 17 speakers, 35 programs, 3 Keynote speakers, live chat rooms and a networking lounge. Scheduled quarterly we also facilitate weekly networking group and a livestream broadcast. Great ways to engage attendees and speakers and provide exposure for sponsors.

YOUR SUPPORT PROVIDES VALUABLE SERVICE | IMPACT | COMMUNITY GROWTH
